To whom it may concern:

I am writing to provide a professional referral for Horizon Pest Control our contracted pest management provider for 14 years at Sun Grove Foods, a GMP-regulated, third-party-audited food processing facility.

Throughout our partnership, Horizon Pest Control has consistently demonstrated strong alignment with Good Manufacturing Practices and GFSI-recognized Integrated Pest Management (IPM) expectations, including:

- Preventive, science-based pest management consistent with FDA and industry IPM standards
- Accurate and audit-ready documentation supporting GMP, GFSI, SQF, and customer audits
- Thorough monitoring, trending, and corrective action recommendations
- Prompt communication and timely response to service needs or emerging concerns
- Professional technicians trained in food-industry environmental and sanitation requirements

Their services have contributed meaningfully to maintaining the hygienic conditions and environmental controls required for safe food production.

Based on our experience, we confidently recommend Horizon Pest Control as a reliable and compliant pest management provider for any food handling, processing, or distribution facility. If you require further information, please feel free to contact me at 973-574-1110 or joanne@sungrovefoods.com.

Sincerely,

Joanne Lacina
